Dolley Candidate For Constable In Primary Election

Veteran Officer To Seek Relection On Record Of 14 Years

N. F. (Tom) Dolley, for the past 14 years constable of the Truckee Judicial District and a peace officer since 1932, this week announced he would be a candidate to succeed himself at the June primary election.

Dolley for the past two terms has been president of the Truckee Donner Chamber of Commerce and has accomplished a valuable service for the community in that capacity.

For years he served as fire chief and held a number of other important positions in the community.

Like other offices in the area, the duties of constable have broadened during the past few years and the office is now one which demands almost full time. The constable is not only bailiff of the justice court, in which work he summons jurors, etc., but must be alert to changing laws and serve documents as well as being a peace officer. The job entails considerable paper work and in this capacity the incumbent has done a good job.

Dolley has been a resident of Truckee since 1930 and owns considerable property here.

In making the announcement, Dolley declared:

"Since my first day in office as constable I have attempted and believe succeeded in maintaining the assigned duties without fear or favor. I have appreciated the support of the voters and if re-elected will continue to give of my best efforts.

"The duties of the constable have enlarged during my incumbency but I have kept pace with the changing times and conditions and will continue, if again elected, to serve the district to the best of my ability."

Precipitation For Month Is Normal

Precipitation total for the season to February 24 is 14.78 with the normal for the season 19.43, according to Henry Toccalini of the Tahoe Forest Service.

Wednesday morning registered the week's low of 2 degrees below zero, the high for the week was 46 degrees last Sunday. Twenty-three inches of snow remain on the ground.

Presidents of the clubs in the district, including Truckee, will meet in Carson City Sunday, February 28 for a conference on club management and community improvement plans.

The meeting will be conducted by District Governor Martin J. Galantuomini of Reno. Among the subjects to be discussed Sunday will be the 20-30 International Rheumatic Fever Foundation, which annually contributes to the support of five medical research institutions in the United States.

No Accidents As Traffic Moves To, From Squaw Area

Despite the terrific volume of traffic in this area during the Washington Birthday weekend, with more than 9,000 cars and 400 buses carrying 47,000 people to and from the Olympic Games at Squaw Valley, Sunday, only one "fender bender" accident was reported, this on private land in the valley.

Sergeant Frank Snyder of the Truckee squad of the California Highway Patrol said that despite reports to the contrary, there were comparatively few delays in the steady flow of traffic. One report by radio or television Sunday night declared there was a five or six hour delay in stalled traffic on Highway 40 as vehicles left the valley homeward bound.

Snyder said that at the peak of travel there was a slow movement of cars into the valley as there was a shortage of ticket takers, but that otherwise everything went more smoothly than was anticipated.

Only two accidents occurred during the past week. Eugene Jacques, 42, San Pablo, suffered injuries in a spectacular mishap at Floriston when his car got out of control on an icy bit of road and plunged down the Truckee River canyon 125 and balanced on a rock at the water's edge. The accident occurred Thursday at 3:30 p. m. and the victim was taken to the Tahoe Forest Hospital by Truckee ambulance for treatment.

Paul Otis, 24, Lancaster, was injured slightly when his car was struck by Phillip Steiner of San Francisco a mile west of Soda Springs Thursday morning. Steiner was cited for speeding.

Sugar Bowl Gives Tickets To Hospital

Through the generosity of four members of the Sugar Bowl Corporation, the staff at the Tahoe Forest Hospital are able to attend games at the Olympics at Squaw Valley, with complimentary tickets.

Ten books of season arena tickets, valued at $2,000 were recently presented to the hospital by four San Francisco members of the corporation. Wellington Henderson and Donald Gregory each gave the hospital four books of tickets while single books were presented by Gordon J. McIntosh and Sherman Chickering.

The presentation was made by John O'Rear, manager of the Sugar Bowl on Donner Summit on behalf of the donors.

Hospital Administrator John McGlade expressed the appreciation of the staff for the most useable gift.

FINS ARE FETED AT MEETING OF LIONS

The Truckee Lions Club was host to 12 members of the Finnish Olympic team at the February 17 meeting. Among those present were P. Vainio, Einar Friman and M. J. Karuonen, members of the Lions Club in Finland.

The visitors were most friendly and sang their national anthem. Their only complaint regarding Squaw Valley was the lack of buttermilk, which they said they used in abundance at home.

Through their interpreter they thanked the club for the reception.

Blaze On Summit Razes Lodge As One Man Is Hurt

Exploding Oil Burns Man As Firemen Helpless At Talisman

Fire of undetermined origin, apparently originating in the basement, Friday morning completely destroyed the Talisman Lodge on Donner Summit.

One man, William Gigler, a Southern Pacific employe and nearby resident, was burned about the hands and head when an oil drum in the basement exploded spraying him with flaming oil. His injuries are not serious.

The frame building, formerly the old Vanderford Lodge, was burned to the ground within an hour after the flames were discovered. The seven persons in the two buildings which made up the lodge had to flee quickly as the fire spread fast.

A nearby division of highways rotary plow poured a stream of snow on the building but was unable to check the fire.

Charles Landon of Sacramento, manager of the lodge, said the inn accommodated 40 persons mostly in dormitory facilities, and that he and his staff were preparing to receive a weekend crowd.

Landon stated the lodge was owned by T. G. Anthony of Richmond, who had insurance on the buildings.

During the blaze which was fought by the Donner Lake and Truckee, Nevada County, Fire Departments traffic on U. S. Highway 40 was detoured a short distance through property of the Donner Ski Ranch across the road from the Talisman.

Equipment for the state division of highways maintenance station 300 yards east of the Talisman was used to tow away automobiles parked in front of the lodge.

Will Bliss Expires At Home At Tahoe

GLENBROOK — Memorial funeral services for Will M. Bliss, 65, member of a pioneer Lake Tahoe family and prominent resident of this area, were held yesterday at the Mountain View Cemetery in Oakland.

Bliss died Sunday night while entertaining guests in his home.

The deceased was active in developing Lake Tahoe and was a member of the California-Nevada Interstate Compact Commission.

He was a graduate of Harvard University with a major in architecture, but never followed that profession. Most of his life was spent developing the Glenbrook area on the Nevada side of Lake Tahoe. He was active in the Tahoe Area Council and other booster organizations at the lake.

DELAY OPENING OF SCHOOLS TO CLEAN

Because it will require an extra day or two to rearrange furniture and permit renovations after the officers and military personnel move from the school buildings in the district, classes will not resume until March 2 or 3, Superintendent John S. Corbin announced.

Schools have been closed during February to permit occupancy by the CHP and military personnel.

Definite date for the opening of schools will be available by calling the schools Monday and announcements will be made on television and the radio stations, Corbin said.

Rogers Have Guests—

Mr. and Mrs. William Rogers of San Lorenzo have been enjoying the Olympics and during the past weekend had as their house guests at their Truckee River place, Mr. and Mrs. William Snider and sons, Bill and Steve of Hayward.

Falls On Ice—

Mrs. Otis Wing, teacher of the Kings Beach elementary school was reported to have fallen on an icy slope at Squaw Valley Wednesday necessitating x-rays and treatment at the Olympic Valley Hospital.

Hooper Guests—

Mr. and Mrs. Frank Hooper of Grass Valley are spending the week as guests of the former's brother and wife, Mr. and Mrs. Alvah Hooper.

Some Highspots Of The Winter Games

Business people throughout the area are to be complimented on the way they held the line on prices during the Olympic Winter Games. A check of the stores and most of the restaurants showed no increase in price whatever. There were isolated instances of "gouging" in some quarters but it was soon found that visitors just would not pay exhorbitant rates and even these "get rich quick" people cut back their prices in many cases. All in all, we found complete cooperation and if there were kicks on prices, they came mostly from those who would be disatisfied at any price.

Also earning a pat on the back weer the members of the California Highway Patrol for the way traffic was handled. Despite the unprecedented volume of vehicles on the highway, the traffic was kept orderly and moving. There were reports of roads being hopelessly blocked but these reports were found to be groundless and whenever a block was threatened a patrolman was on his way to correct the situation. Along with the security guards in the valley, the patrol did a fine job and one worthy of commendation.

Some radio and daily press reports certainly didn't benefit the

Three Subjects At High School Will Be Discontinued

Board Will Seek Loan To Purchase Property At Lake Tahoe

Due to lack of student participation, the Tahoe Truckee High School is dropping cadets, drama and audio-visual education from the curriculum.

Unanimous action by the board of governors was taken at their last meeting upon a recommendation by District Superintendent John S. Corbin. The motion to drop the three subjects was made by Gordon Moyer and was seconded by Mrs. Hilda Hintz.

That the board plans to purchase land in the Dollar Point subdivision was again indicated when the superintendent was instructed to ascertain from the state the proper procedures to apply for a loan for the purchase of the land and have the information ready at the next meeting of the board.

The board authorized Corbin to negotiate a lease with the California Olympic Commission for the operation of the high school athletic field as a parking lot after declaring the lease with Jack Ellis and John Lloyd void. The field is not currently in use and probably will not be if the compacted snow area in Squaw Valley can be maintained as in the past few days.

The board employed Mrs. Julia Fuselier as cafeteria helper at the Kings Beach school and accepted the resignation of J. R. Hampf, high school teacher, effective at the end of the present school year.

The school calendar for the next year was adopted. It provides for holidays on November 11, Veterans' Day; November 24, Thanksgiving; December 25 through January 2; February 12, Lincoln's birthday; February 22, Washington's birthday; April 2, Easter; May 30, Decoration Day.

Vacations will be November 24 and 25 for Thanksgiving, December 22 through January 2, for Christmas and New Year's and the week of March 27 to 31 for Easter.

Schools may be in session on November 11, February 12 and 22 and May 30, since they may be closed for inclement weather on other days of the year.

FORMER 49ER GETS BUMPS AT VALLEY

A one-time San Francisco 49er is getting his lumps differently these days.

He is Bob Jorgensen, 38, of Tahoe City, a tackle on the first 49er team in 1946.

Jorgensen, now a Pacific Telephone installer-repairman, has been spending recent weeks bouncing about the Squaw Valley hills in a rugged "snocat", a tractor specially designed to get workers into hinterland areas for line repairs.

Jorgensen, a burly 240-pounder, finds the work both interesting and rugged.

It entails working in bitter cold, wet and windy weather.

"I guess I asked for it," he says. "I wanted to get away from the big city so I could hunt, fish and ski."

'Actually, we all feel it's an honor to be working on the Wintre Olympics job."

Jorgensen has been living at Tahoe City for the past five years with his wife, Betty, and children, Jerry, 12,; Janet, 10; Scotty, 5; and Brad, 4.

It is alleged that Phillips forged a check on December 26, 1959, with the intent to defraud the Bank of America at Truckee. He is now free on $1,050 bail.

Huge Crowds At Squaw Valley See Excellent Games

Well Managed Program At Squaw Pleases Even Contestants

Although nature played one of its nasty tricks on the opening day last Thursday, the VIII Olympic Winter Games at Squaw Valley have exceeded all expectations in splendor, excitement and has broken attendance records for winter games.

A storm Thursday cut down the attendance but the spectacular opening ceremonies were held in brilliant sunshine as the clouds cleared away briefly during these impressive rites, attended by such people as Vice President Richard Nixon, Avery Brundage, president of the IOC, Representative Harold T. Johnson and other dignitaries.

Aside from the opening day, the weather has been ideal, the valley has been literally filled with enthusiastic spectators and the competitors were thrilled with the facilities.

Some unjustified criticisms have been heard from people who have not and do not intend to attend the games. Those who were loudest in their criticism, after visiting the valley, changed their tune and entered the spirit of good will and fellowship which prevailed.

The program was filled with one exciting event after another, going from early morning until late at night. Facilities for the public were more than adequate with prices being maintained on a fair basis and plenty of food, lodging and other necessities being available.

Those who have witnessed other winter games gave Squaw Valley the highest mark on record from all angles including conditions for the competitors, who, prior to the games, expressed unhappiness over minor inconveniences which soon were straightened out by the competent staff conducting the games.

Travel was handled expertly and without a hitch by the scores of patrolmen and security guards.

Nearly every day, the 8,500-capacity Blyth arena was filled to capacity while thousands more wandered over the games area viewing all events in progress.

Reams have been written describing minute details of the VIII Olympic Winter Games and it would be impossible in limited space available for this newspaper to carry all that has happened and will happen, but it should be known that the dazzling spectacular is proving to be a terrific success despite dire predictions.

The games will be concluded Sunday afternoon with the closing ceremonies and if the weather holds out as it has, many records may be shattered.

HEART FUND DRIVE TO GET UNDERWAY

Members of Naomi Rebekah Lodge and the Odd Fellows and their friends are going calling on their neighbors for the heart fund drive in Truckee and the surrounding area to help top a goal of $2,519 for Nevada County.

The lodge chairman Janet Franklin and William Davis urge families in the area to give a warm welcome and a generous contribution to the fund volunteers who will be knocking on their doors.

For those not at home when the volunteers call, envelopes will be left at the door for contributions which can be mailed in as soon as possible so the funds can be put to work.

SIDE LINERS WILL BE HONORED BY LODGE

West Shore Notes

By NINA SLADE

P. O. Tahoma, Lake Tahoe

It might as well be June, what with the weather at this writing, and the population on this side of the lake. Lights a-glitter everywhere and cars galore.

The big Olympic question was how to sandwich in the Games between the rounds of socializing.

After the dedication of the Blyth Arena the International Olympic Committee members lunched with Prentis Cobb Hales at Squaw Valley Inn where a dinner in their honor was held in the evening.

* * *

Mr. and Mrs. John L. Bradley entertained Friday at a small dinner for the IOC, including the John Jewett Garlands of San Francisco at their Rubicon Beach Place. Count and Countess Marc de Tristan were among their guests for the Games.

* * *

The William Wallace Meins, Jr. entertained most of the committee at their Tahoe place on Sunday.

* * *

The Lawrence Harts gave a party on Monday for their guests and some of the IOC at Hart's Desire, Meeks Bay.

* * *

At Tahoe City the Charles Fays entertained a large group on Wednesday.

The Brooks Walkers, Mr. and Mrs. John Merrill and the Clarence Mayhews gave small dinners for visiting dignitaries on Friday.

The Henry Kaisers entertained at their estate lodge during the weekend.

His Eminence James Francis Cardinal McIntyre of Los Angeles, presided at the dedication of the Queens of the Snows Catholic Olympic Chapel in Squaw Valley on opening day. Pontifical high mass was offered by the Rev. Patrick O'Neill, pastor, assisted by Rev. James Mulligan, and Rev. Edward Kavanaugh, director of St. Patrick's Orphanage in Sacramento. Cardinal McIntyre was a guest of the J. Philip Murphys in Squaw Valley.

* * *

It was dismaying to hear the radio and TV broadcasts last week bemoaning conditions and situations at Squaw Valley. All those we met who spent time at the Games prior to the opening and later reported excellent conditions, considering the obstacles presented to the organizers. Despite the radio and TV charges of long waits for food and drinks; poor parking, and gouging, no one we have met, nor did we ourselves, encounter any such conditions. Visits to the Valley during the worst weather may have been bad underfoot but visitors managed to get about, eat, drink and see the sights with few inconveniences. Why these purveyors of information on such a wide scale should emphasize a few complaints and squabbles to the point where people elsewhere could be discouraged from visiting the Games is not clear. This negative propaganda is unworthy of those disseminating public information.

* * *

Vic Ferris of Sacramento and Tahoma spent a few days here.

* * *

The Finchers and Mike Mariana of Tahoma and San Diego drove up for the Games.

* * *

Amid all the cries and alarms by press and TV about the SNAFU at the Games, we were delighted to hear cries of "fantastico" and "terrifico" when the Italian cross country team viewed the TV opening of the Games. At Cortina, they said, the opening took 10 minutes with no such beautiful pageantry.

* * *

Bud Scott's new book on Squaw Valley records that the greatest snowfall in U. S. history—886 inches — fell just northwest of Squaw in the winter of 1906.

Mail carrying rockets were fired the day the Games opened from a site in Washoe County to Sierra County. The 14-foot missiles carried 2,000 lightweight envelopes bearing the U. S. Winter Olympics Commemorative 4-cent stamp, which were transferred to Squaw Valley, cancelled, and offered for sale to collectors. This flight was sponsored by the Rocket Research Institute and the money gained from envelope sales will be used for the institute's student and adult training programs.

The George Neldams entertained many guests at their Tahoma place for the Games and were joined by Milo Neldam and his wife and two children; George's brother Svend and Irma Anderson of San Francisco; Babette and Jim Lucas and their four children. The Neldams saw to it that their bakery staff in Oakland got a chance to come up for the Games over Washington's Birthday.

The H. C. Bakers of Cathedral City were in at Rubicon, and Mrs. E. H. Daggett and Cathy of Oakland opened their Tahoma house.

Young Dave Kettenhofen of Chamberlands, son of Mr. and Mrs. Ray Kettenhofen, was one of six to qualify for the Junior Ski Tournament at Duluth, Minnesota, to be held March 12. Dave qualified in cross country and jumping. Ray Kettenhofen reported Chamberlands filled to the rafters with Olympic cross-country officials and fed 250-300 people a day there, which necessitated his arising at 4:30 a. m. each day. He was ready for a nap when we talked with him.

The Johel W. Lloyds of Oroville and Tahoma came up for a preview of the Valley and a snow-view of their place, driving back the same day. Mrs. Lloyd says her dog squealed with delight when they hit Tahoe City en route to Tahoma —glad to be back.

DONNER DOINGS

By VIRGINIA O'BEAR

Olympic time is here and everyone at Donner Lake is very busy with the many people in our area who are here for the games. Even with the busy schedule, many local people are finding time to attend the games at least one day. Saturday, some friends of ours gave us five tickets so Jean Walker, Susan Knapp, Jennifer and Mike and myself used them. It was wonderful to see the expressions on my son Mike when the ski jumps were in progress. Also my daughter Jennifer when she was watching the figure skaters at practice. All five of us enjoyed the day, watching the victory ceremonies as well as the other scheduled events for the day. It was a wonderful experience and one that I will never forget. The tower of Nations with the Olympic torch and the many participants from all over the world, is quite impressive. After purchasing an Olympic program, I was fortunate enough to get autographs of some contestants from Germany, Japan, Italy Czechoslovakia and Hungary. We could not understand each other but they knew what I meant when I handed them the pen and the program. They were so happy that I asked them for their autographs and believe me, I was proud to get them.

Mr. and Mrs. Henry Mockel are at their home at the west end of Donner Lake. They will be here for the month of February as Henry is connected with the press. He is making arrangements for the Winter Carnival also to be held March 5 at the Legion Hall in Truckee.

* * *

Mr. and Mrs. John Mink are visiting their daughter and son-in-law, Mr. and Mrs. Hap Warnke. They arrived Saturday but Donna's father became quite ill and had to spend some of his Olympic time in the Tahoe Forest Hospital.

Dr. and Mrs. Charles Widenmann are at their summer home with their children and are attending the Olympic Games. Tuesday of this week was Margaret's birthday and helping to celebrate the event, daughter Susan broke a leg while skiing at Hill Top.

* * *

Little Robby Affeldt celebrated his second birthday on February 21, at the home of his parents, Dr. and Mrs. Robert Affeldt. Helping celebrate his birthday was Mr. and Mrs. John Mink from Oakland, Mrs. Barbara Youngblood and son Roland from Reno, Mr. and Mrs. Ralph Johansen and daughter Kimberlie, Mr. and Mrs. Hap Warnke and son Mark, and Robby's parents. An unexpected guest arrived at the party and everyone was pleased to see Marilyn Turner who came up for the Olympics and is staying with the Popovich family. Dr. Turner could not make it for the games as he couldn't get away from his busy practice in Las Vegas.

* * *

Another young man celebrating a birthday this week at Donner Lake is Mike Bonano, son of Mr. and Mrs. Tom Bonano. He was two years old on February 23 and celebrated his birthday at home with friends Mr. and Mrs. William Knapp and daughter Susan, and Mike's parents.

* * *

The firemen of the Donner Lake Volunteer Fire Department were called out last Friday to go to a fire at Soda Springs. Talisman Lodge was completely destroyed by fire before the firemen or anyone could do anything to help. Even a division of highway truck was shooting snow into the burning building because residents in that area were unable to get water to it because water lines were frozen.

WEATHER

We all agree that it has been perfect as far as the opening of the games is concerned. Every time a special event came up it seemed the brilliant sunshine cast its beauty over the scene as if by magic. All together the events were beautiful to behold. Travel on the highways was almost perfect. No complaints.

PASSED ON

It's with deep sorrow that we have to report the passing of our old friend D. C. Barnett as he was well-known and was a brilliant figure in Kings Beach in the early forties as president of the Community Club and as a community leader. He leaves his wife Bonnie, two sons, Doyle and Barto. Funeral services took place at the Roger's Funeral Home last Tuesday, February 16.

VISITING

Wyman and Beverly Williams from Pasadena, were up over the weekend. They had their two sons, Randy and Scott. It was the boys first trip in the snow and they really enjoyed it.

MORE VISITORS

Marshall Gordon paid us a visit during the past week.

Mr. and Mrs. J. Ralph and Irwin Stern were visitors with the Sam Harrisons of Brassie Avenue, sure nice to have them.

KLITZKES BUSY

Among the enthusiastic of the Olympics were the Harvey A. Klitzkes, Jr. We had just learned that our little Harvey, III placed second in the cross country meet at Mammoth Lakes last week. Maybe a future Olympic star? The Harvey Klitzke, Srs., also have as their house guests, cousins of Harvey, Sr., Mr. and Mrs. Lee Borde of North Dakota, Mr. and Mrs. Les Shane of Oakland and Mr. and Mrs. Curtis Shane. Mr. Shane is head of the Immigration Departmen at Squaw Valley. All are enjoying our beautiful Kings Beach and Squaw Valley.

AT LAKE

Mrs. Catherine A. Mock, a deputy probation officer of Alameda County is visiting at Brockway, Lake Tahoe while enjoying the events of the Olympics at Squaw Valley. Mrs. Mock is the daughter of the A. T. Dorothys of Ottumwa, Iowa. Mrs. Mock is accompanied by Iva M. Claverie, a life long friend of the J. W. Spavors of Brockway. Mrs. Claverie, a bay area attorney, was formerly night auditor at Brockway Hotel. She now heads her own public relations firm with offices located in the Hotel Claremont in Berkeley.

CROWDS JAM CLUB TO HEAR NICK LUCAS

It was the biggest weekend since the Nevada Lodge opened its door years ago. The lodge, located at the scene north end of Lake Tahoe and just 17 miles from Squaw Valley, had thousands and thousands of Olympic spectators crowd through the doors throughout the opening days of the Olympic Games.

Nick Lucas, his Troubadors and pretty Janie Jones were a smash success in the first week of their engagement. Lucas', the Singing Troubador, was at his finest leading the audience down "memory lane."

FINS ATTEND LAKE TAHOE ROTARY MEET

KINGS BEACH—At the regular meeting February 22 of Rotary Club of North Lake Tahoe, the attendance by a great many visitors from far and near was noted. Speaker for the evening was Jim Licklider, former Rotarian from Grand Lake, Colorado.

The Club was honored to have as guests Jorma Sihvola, restauranteur and Esko Jarvinen, ski manufacturer from Lahti, Finland.

ert J. Campbells in Tahoma. After much bowing and some hissing we came off with some rising Sun pins for which we exchanged tea cakes and an old Mont Tremblant insignia we garnered long ago in the Canadian Laurentians. The cross country team commuted between Tahoma and the Valley in their Japanese made Toyopet.

An interesting account on the Truckee flame-lighting ceremonies was carried in the Sacramento Bee by Bill Berry. Editor Walter Barrett lit the Truckee flame and Dr. Robert Affeldt introduced skiers Halvar Halstad, Red Anderson and Wayne Poulsen, proceeding then to read a letter from Jerry Carpenter, former director of winter sports for the State Chamber of Commerce. Carpenter's letter reminded us that since 1894 Truckee has been the locale of snow sports in one form or another. Carpenter recalled how in 1928 the Olympic Winter Games for 1932 had been tentatively awarded to California only to lost a year later because the state had insufficient sporting background, despite a plan then in existence in Tahoe City and Yosemite National Park. Pioneers named by Carpenter as having paved the way for the 1960 Games held here were Wilbur Maynard, Harry O. Comstock, F. J. Pomin, H. D. Droste and E. C. Rogers, all of the Truckee and Lake Tahoe region; Jack Matthews, Norman Mayfield, Gene Rogers, Red Anderson, Ernest Pomin, Bill Vern, Joe Henry, Robert Watson, Carl Bechdolt, Sr., and members of the Truckee Outing Club, the Lake Tahoe Ski Club and the Reno Ski Club.

* * *

It was more fitting that Jimmy Heuga, national slalom champion, carried the Olympic torch to a meeting point with Sacramento's Starr Walton who ran the final stretch into the Valley.

The Jim Pearsons of Oakland and Rubicon are entertaining guests, as are the Griffiths and the Hiners of Woodland and Piedmont.

* * *

The Filipos of Chamberlands and their family are up for the Games and festivities.

The Herb Danas of Piedmont are at Tahoma with their son, Jack, and his family.

The Walter Vonderahe family of Los Angeles have bought the old Walker estate on the Truckee and the house is bulging with guests.

* * *

The Milton Selbys of Orinda and Jack Dempsey up from Santa Cruz were daily Game visitors and thrilled and enthusiastic about the wonderful Valley development.

* * *

Mr. and Mrs. Ed White of Sacramento and Rubicon spent a few days at the Games.

* * *

The Ralph Stanleys were busy entertaining guests and enjoying the Olympics and the beautiful weather at Tahoe. Guests at Stanola Lodge during the week were Mr. and Mrs. Harvey Furbush and the W. Howards of Sacramento. Mr. Howard and Mabel Stanley were school friends in Nebraska. Dinner guests were Mr. L. Strauss of Hollywood and Dr. and Mrs. A. Barbanell of Beverly Hills. Weekend visitors were Mr. and Mrs. W. Priday and the Jerry Pridays of Anaheim; Dale Wilbur of Cortez, Marcus Hendrickson of The Dalles, Oregon, and Ralph's nephew, Jay McIntyre, Spokane, Washington.

* * *

The Curtis family of San Mateo recently purchased the cabin of Lin Johnson in Tahoe Cedars Tract and spent the weekend here. If we hadn't known it, we would have found the children's messages scrawled in big letters in the snow along the path to their place. Susan, Russ, David and Barbara left their signatures in the snow.

* * *

The R. A. Iveys of San Jose enjoyed the winter wonderland at their Rubicon house and young Diane, only four, took to skiing like an Olympian. Pat Ivey looks dashing skiing about wearing an Italian ski soldier's hat bearing an intriguing collection of foreign ski pins and a smart sprig of edelweiss. Mr. and Mrs. John Tuttle of Los Altos were their guests.

We have all heard the expression "The Lord helps those who help themselves." However, in truth, it should read, "the Lord helps those who can't help themselves." The strength is in God; the trust is up to man. Samson did not conquer the Philistines and his many other adversaries in the unusual strength of a powerful young man. His life was a testimony to the fact that he alone had no unusual strength. David was not able to slay the giant in the physical prowess of a young lad. Paul was not greatly used of God because of his extraordinary ability as a preacher or his impressive appearance; for both were weak. Stephen was not strong enough to pray for those who stoned him to death except as the love of God, which had been shed abroad in his heart toward those who despised and hated the truth he preached, compelled him to do so. Pastor Rhoades will speak next Lord's day on the important subject of "Knowing God's Will."

CHRISTIAN SCIENCE
Meets at Wyethia Clubhouse, Truckee.
Everyone Welcome
Sunday School: 9:30 a. m.
Morning Services: 11 a. m.
Christ Jesus' inspiring mission of healing and redemption will be the central topic at Christian Science church services this Sunday.
The lesson-sermon entitled "Christ Jesus" will include this passage from John (10:36, 38): "If I do not the works of my Father, believe me not. But if I do, though ye believe not me, believe the works: that ye may know, and believe, that the Father is in me, and I in him."
And from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, this citation will be read (26:14): "Divine Truth, Life, and Love gave Jesus authority over sin, sickness, and death. His mission was to reveal the science of celestial being, to prove God is and what He does for man."

TAHOE CLUB OFFERS BUSES TO OLYMPICS

CRYSTAL BAY—Olympic Winter Games visitors can ride courtesy, express bus transportation between Crystal Bay and Squaw Valley. H. E. McCoskey, associate owner of the Crystal Bay Club, announced that charter service began Feb. 16 and continues through February 28," McCoskey added. "Persons wishing to use the bus may also park here while they watch events in Squaw Valley."

Schedules begin each morning at 8 a. m. and departures from the Crystal Bay Club continue at approximately hour intervals. "A new, forty-one passenger Highway Traveler bus has been chartered from the Las Vegas, Tonopha, Reno Stage Lines for this 17 mile trip," the Crystal Bay Club owner stated.

CONSTRUCTION WILL START ON COLLEGE

Construction of twelve buildings on the new Sierra Junior College campus near Rocklin is scheduled to commence about March 1, with a sixteen month completion schedule.

Actions taken by the board of trustees in Auburn at an adjourned meeting set the machinery for the work to commence.

The board voted to award the G. H. Ball, Inc., Company of Concord, California, a $2,249,999 contract for the main construction work, and authorized superintendent Harold M. Weaver to sign a contract.

It also voted to award contracts aggregating $111,000 to low bidders on science equipment, kitchen equipment and lockers, and named Charles Donaldson of Roseville and Russell Fallon of Citrus Heights, inspector and assistant on construction work, scheduled to be completed about July 1, 1961.

games, and cut down on the attendance as well as depriving hundreds of people of witnessing the best show ever staged in California from a winter sports point of view. Spectators who attended were the first to deny these unfavorable comments, such as storm threats, roads blocked, high prices for food items, lack of housing and other stories basically untrue. Those who are attending had nothing but praise for the way the show was conducted and the atmosphere of general order.

Ideal weather conditions made possible the use of the compacted snow parking area in the valley. Sub-freezing nights and moderately cool day time temperatures made it possible to park up to 9,000 cars and 400 buses on the snow compaction. Very fortunately, the usual February rain storm hit a week before the games and immediately following the weather turned cold, giving the compacting navy personnel conditions that were best for the purpose.

The publicity—good and bad—which has been flowing so freely has undoubtedly placed this region far ahead of all other winter sports areas in the United States, if not the world.

With the conclusion of the games Sunday, there comes a question of continued operation of the valuable and worthwhile facilities in Squaw Valley. The lodges, inns and lifts will naturally revert to their owners, but there remains the huge Blyth area, the spectator centers, the athletes quarters and many, many other structures to which the state department of beaches and parks will fall heir. It has not been definitely determined whether the facilities will be kept in continuous operation, but beaches and parks and the Olympic commission are attempting to work out some arrangement whereby they can be kept going during March.

Although she never got to see the games, one of the most enthusiastic boosters for their success was Mrs. Edith L. Johnson, 82 year old Truckee resident, who was privileged to hold the torch as it passed through Truckee last week en route to the valley. In a letter of appreciation for this small gesture, Mrs. Johnson said: "I got a thrill when Leslie (her son-in-law, Leslie Grow) brought the torch out to the car where I could see it and even had the pleasure of holding it in my hands. My prayer is that friendship of all nations that it represents may truly be felt in all our hearts."
